

nada lama is a space which evokes the memories of the past - from the beautiful tiles on the floor, to the gracious strains of music wafting through the space, to the tantalising scents of our family recipes brought to the present day.

nada lama celebrates the heritage of Penang in a distinctly modern space. We recognise that food has the ability to recall the remembrance of past joys - and a good meal is able to create new stories and journeys. We welcome you to nada lama and hope that you find a delicious and happy story here with us.
