RM490 nett per person

Two hundred years ago, stylish young cavalry officers in the French Army would slice the cork off the Champagne bottle with their sabre, rather than put themselves to the effort of easing the cork out by hand. Napoleon, who is known to have said, "Champagne! In victory one deserves it; in defeat one needs it", may have encouraged this.

The organisation was officially established in France in November 1986 by Jean-Claude Jalloux (the Grand Maître, leader of Le Grand Conseil). But, as mentioned above, the actual tradition of Sabrage dates back to Napoleonic days

Price is inclusive of 10% service charge & 6% service tax.
